What is ECCO?

ECCO is a web-based program with features designed to work together to enhance the way systems educate through training and the dissemination of knowledge, support providers through Technical Assistance (TA) and coaching, tracks progress and captures data.

The ECCO system has custom-built tools for:

- Educating at the community-level process
- Supporting the prevention process
- Tracking strategy implementation and progress

How Do I Get Started?

For users new to ECCO, you may visit <http://ecco.ga-sps.org/index.php> to create your account.

ECCO Manual

To view and search for all features of ECCO, you may visit

<http://resources.ga-sps.org/content/resources/ecco-manual-april-2019/ecco-manual-april-2019.pdf>

to view the ECCO Manual. From this manual, you will be provided a step-by-step user's guide detailing all features within the ECCO system.

Additional Help/Tutorial Links

For additional help, these tutorial links below, will help guide the user across primary ECCO needs.
